This seafront property sits at sea level merely meters from the shoreline while the villa is located just a few hundred meters from amenities and a large selection of restaurants. Built-in a traditional style the property features over 500m<sup>2</sup> of build size distributed over 3 floors with 5 bedrooms plus a small guest/staff accommodation. While the villa could benefit from a renovation it offers many possibilities in which the distribution could be altered. There is a room for a pool if required.
