This beautiful brand new apartment is located in a new residencial area of Finestrat. The apartment has two bedrooms, two bathrooms, a living room with open kitchen and a spacious terrace with sea views. Located in a complex under construction in the area between Sierra Cortina and the bay of Benidorm. It is a privileged location with very good infrastructure and facilities on the Costa Blanca. The complex has very extensive communal areas: such as the various swimming pools, the paddle tennis courts, a Social Beach Club, and a gym. All this is realized on different levels of the urbanization, whereby impressive natural stone walls are used in the beautiful landscaped gardens. The plot of this urbanization has a size of almost 50,000 m². The complex and the apartments perfectly combine characteristics such as the sea views, the ample amount of light and a special design based on straight lines, with a high quality finish. In short, a complex and an apartment that one must visit.
