Price

1,410,000

With a white facade and rounded corners, enhanced by the natural beauty of hand-cut Montgó stones with red reflections. Its Mediterranean design invites contemplation and enjoyment of each space, where micro-cement in the bathrooms and throughout the interior flooring, complemented by rust-colored double-glazed aluminium windows, come together to create an atmosphere of luxury and comfort. The rooms feature exterior electric shutters and the bathrooms have black fittings, adding a modern and elegant touch. The villa features a large living-dining room open to a fully equipped kitchen, providing direct access to the outdoor pool and its sunny south-facing terraces. It also has an adjacent laundry room and a guest toilet. On the sleeping side, there are four double bedrooms, each with its own in-suite bathroom. The house will be equipped with underfloor heating and ducted air conditioning. It will have two parking spaces under a carport, as well as a 37 m² storage space planned under the house. Outside, the 42 m² pool, with a shallow area called beach, is ideal for relaxing and enjoying the sun. It is surrounded by 155 m² of terrace, including a part covered under a beautiful pergola, perfect for your family dinners all year round and for enjoying the mild and sunny weather that Javea has to offer. The villa offers breath-taking views of the surrounding green mountains and of Montgó mountain, a symbol of Javea.
