Beautiful villa built in 1991, the villa has not been renovated, but offers a generous and well-designed layout that guarantees comfort and well-being in all its spaces. A wide access ramp leads to the double carport at the foot of the property. On the main floor, the spacious living areas—living room, dining room, and kitchen—flow seamlessly into one another. Both the kitchen and dining room open onto the rear barbecue area and summer kitchen, located next to the large swimming pool and surrounding sun terrace. The living room connects to the main hall and entrance, as well as to the charming covered front terrace, which enjoys distant sea views. Across the hall, a long corridor leads to the three bedrooms, including a beautiful and spacious master bedroom with a French balcony and a large en-suite bathroom with shower. A second bathroom with shower serves the other two bedrooms. The semi-basement, with separate access and also connected by an internal staircase, houses a self-contained apartment with a lounge, kitchen and laundry area, bathroom with shower and a sauna. This villa offers a unique setting and exceptional potential to become a real gem.
